Will suit a high withered horse.

Comes with Frank Baines cover.

This is what Frank Baines say about this elegant saddle on their website.

“Omni Dressage (Standard High Head) - Our most popular Dressage Saddle.

We feel we have successfully designed a high performance saddle that not only offers the rider a secure, stable and balanced feel but still allows the rider and horse to communicate in harmony which is essential at the highest level in dressage.

A Large moulded blocked flap, together with a generous knee block enables the rider to have superior close contact feel in the leg and still allow full support, and an adjustable V girthing system eliminates movement. With our own design of Stirrup Bar that reduces bulk under the riders leg and allows easy access for fitting of the stirrup leathers.

The Tree has a deep open seat and has been designed specifically to distribute the rider's weight evenly. Designed with a deep centre to put you in the correct position at all times and precision engineered for accuracy while still allowing the close contact feel. Giving you, the rider, an accurate and secure riding position.”
